### **WOMEN'S APPRECIATION PANEL**

In celebration of the invaluable contributions of women in STEM fields, we are hosting a panel discussion featuring accomplished women leaders who have made significant strides in their respective careers. This event is an opportunity for us to come together to network, share experiences, and gain invaluable insights from women who have paved the way in the world of engineering and technology.

**Date:** Mar 21, 2024

**Time:** 7:30 - 10 PM

**Location:** Campus Center Atrium

Join us as we celebrate the achievements of women in STEM and engage in enriching conversations on topics such as career development, overcoming challenges, and the importance of diversity and inclusion in the workplace. Whether you're a student just starting your journey in STEM or a seasoned professional, this event promises to be both empowering and enlightening.

Refreshments will be served, and there will be ample opportunities for networking following the panel discussion. We encourage all members to attend and participate in this celebration of women's achievements in STEM.

## SWE RECAP

### WELOCAL '24

The recent SWE (Society of Women Engineers) local conference provided an enriching experience for members of the collegiate chapter who attended. The event featured a diverse array of workshops and sessions aimed at both learning and networking with accomplished women in the field.

Throughout the conference, attendees could

participate in networking luncheons and dinners, engaging in valuable conversations and making meaningful connections.

Keynote speeches delivered during these gatherings added further inspiration and insight into the experiences of successful women in engineering.

The career fair held on the final day was a conference highlight. This fair was specifically designed to cater to diversity and inclusivity, welcoming companies eager to meet with women from various colleges seeking opportunities in the field. The fair provided a platform for attendees to explore potential career paths, interact with recruiters, and discover employment opportunities aligned with their interests and aspirations.

Overall, the SWE local conference served as a platform for empowerment, education, and networking, leaving attendees equipped with valuable knowledge, connections, and inspiration to further their careers in engineering.

### MEMBER OF THE MONTH

### **Congratulations, Zoobia Saifullah Syeda!**

My name is Zoobia Saifullah Syeda, and I'm an international student from Pakistan studying Human-Computer Interaction at NJIT. Alongside my studies, I love photography and fashion. I joined SWE because it encourages girls to dream big and pursue careers in STEM. It's a supportive community where I have learned much and met incredible people.
